

UPDATED GUIDELINES

CHANGES TO HELP YOU WEATHER THE STORM

The COVID-19 pandemic has impacted the industry in many ways, including limiting access to paramedical exams. Transamerica now offers additional options to satisfy medical requirements on new cases, including increased nonmedical guidelines for clients through age 55.

- These medical guidelines took effect April 8, 2020, and will remain so until further notice for *Trendsetter® Super, Trendsetter® LB, Transamerica Financial Foundation IUL®*, and *Transamerica LifetimeSM* for clients through age 75
- Traditional paramed exams and labs will still be accepted at the current medical guidelines for clients under 75 years old — the following chart outlines options in lieu of the traditional paramed requirements
- Due to the circumstances around COVID-19, Transamerica will not be accepting applications for clients over the age of 75 for all life insurance products and is unable to offer LTC Riders or Chronic or Critical Living Benefit riders on individuals ages 56-75 on all products and face amounts
- Requests to reduce face amounts to nonmed levels to waive medical requirements will be honored; contact the underwriter to request this

See chart on back page.

This chart outlines options to satisfy medical requirements on new cases that include increased nonmedical guidelines for clients in lieu of traditional paramedical requirements:
